

OCTOBER NEWSLETTER

Happy Fall Yall!

Classroom News!

We are so excited to celebrate Halloween and get all the spooky vibes! in September the children's enjoyed learning about ocean animals as well as spending two weeks on dinosaurs! We had so much fun seeing their creative minds flourish! This month we will be starting off learning about the seasons and how they effect us and then we will be learning about safety / community workers and ending our month learning about animals to fit the Halloween vibes we will be focusing on the spooky animals that come out at night!

Reminders

Since it is getting colder out we are asking that you bring your child in a jacket every day even if the weather is nice the mornings are getting pretty chilly.
